TO RAISE CATTLE IN CANAL ZONE

Butland, April 3.-Ten thousand acres of land in the Panama canal zone are being cleared for the purpose of raising cattle to furnish beef for the district, and a few years will see the district raising sufficient foodstuff to feed its civilized people, according to Otis W. Parrett, an nurlculturist in the service of the United States government, who is at home in Clarendon on a short vacation. Mr. Barrett has been associated with the department of agriculture for 16 years and prior tion factory at Hackensack, N. J. to that introduced agricultural methods in some of the African countries. He is now teaching farming in Panama.

Mr. Barrett states that there are now tonin the zone 20 ranches growing crops where 18 months ago only one plantation provided foodstuffs for the 75,000 workmen and their families.
